

SHIMANO MTB GRAND PRIX SERIES

Rocky Trail's "fast" 4 and "furious" 7 hour endurance racing series.

Rules for racing the series:

- GP4 racers can "upgrade" to the GP7 format (for rounds 2, 3 and 4) and can take any collected GP4 points with them.
- GP7 racers who want to move into the GP4 format can't take the points with them; they will be listed twice in the results and restart collecting points.
- To qualify for overall series points and wins, riders need to complete at least 2 races in their category.
- You must race under the same team name in all the races (so we can allocate correct points).
- For teams of 2 or 3, at least one original team member must be in all races under the same team name.
